

## PROJECT TITLE

Ped/bike Facilities on Transition Structure of New SFOBB in San Francisco

Insert Location Map Below:

**Project Location:** In San Francisco County

**Co/Rte/KP/PM:** SF-80 KP 12.6/13.2, PM 7.7/8.2

**PPNO:** 1068

**EA:** 04-0120P1

**Project Description:** This project will install an architecturally integrated railing design on both sides of the bicycle/pedestrian path that match other structural elements of the new bridge. This project will also enhance the patterning and coloring of the path paving to provide a visual aid for separating the bicyclists from the pedestrians.

**Project Scope:** The enhanced railing and colored paving on the bicycle/pedestrian path will cover the length of the transition structure on Yerba Buena Island, a total of 500 meters in length.

**Existing Funding:** IIP: \$0  
RIP: \$0  
Other: \$0

**Future Funding Need:** \$295,000

**Total Estimated Cost:** \$295,000

**Project Schedule:**

FEIS	7/11/01
PS&E	5/05
RTL	7/05
ADV	12/05

## PROJECT INFORMATION

**Purpose & Need for the Project:**

**Project Need:**

To comply with the region's desire for design excellence in all facets of the bridge. To provide a safer path for pedestrian and cyclists utilizing visual cues on the path paving.

**Project Purpose:**

To provide a visually integrated design at the pedestrian level consistent with the overall architecture of the new east span of the Bay Bridge.
